## Bridge Fishing

**The Winneconne bridge** is the only bridge in Wisconsin on a state Hwy that is legal to fish from.

From spring to late fall someone is usually fishing the Winneconne bridge. Day or night it keeps downtown lively.

It has been said “you’re not a true Wisconsin Angler unless you have dropped a line over the Winneconne Bridge.”

Because of its popularity, two steel grids were added on the south side for fishing and safety.

## Arthur Marble Park

In 1966, Winneconne native Arthur Marble bequeathed a substantial sum of money to be used for “recreation and beautification”. From this donation came the acquisition of a 43.5 acre parcel on the west edge of the village.

A centerpiece of the village, Arthur Marble Park is home to a four-acre swimming pond, three ball fields, basketball courts, volleyball courts, archery range and toddler and youth playground equipment.

Two shelters are available to rent for private use. The channel through Marble Park is a favorite fishing location and is bounded on two sides by an improved path, which is handicap accessible and has handicap fishing spots.

## Lake Winneconne Park

In the early 1940's the Children's Country Home, a non-denominational home for dependent and neglected children, sold this beautiful 28-acre waterfront to Winnebago County for use as a County Park. Through a strong community initiative the village has obtained ownership of this property and begun an aggressive improvement program. A beautiful gazebo on the knoll overlooking Lake Winneconne and the Wolf River and is becoming a popular wedding site.

Picnic shelters with seasonal restroom facilities, playground structures, ball fields, horseshoe pits and a sandy swimming beach are complimented by a boat launch and boat docking facility.

Stroll along the southern shore and enjoy an informative Land and Water Conservation shoreline restoration site or drop a fishing line in some of Wisconsin's most productive fishing waters.
